AI Workshop

Empowering Through AI: A Training for Assistive Technology Users and Professionals

WHEN: Friday, March 21, 2025 • 1:00 PM – 5:00 PM

BANQUET: 5:30 PM – 6:30 PM

WHERE: St. James United Methodist Church
4343 Capehart Road, Bellevue, NE

Online registration open:

<https://acbnebraska.org/2025-acbn-convention>

Half-Day Workshop presented by Jeff Bishop with banquet to follow
Sponsored by American Council of the Blind of Nebraska
& Nebraska Commission for the Blind and Visually Impaired

“Empowering Through AI: A Training for Assistive Technology Users and Professionals” is an engaging four-hour event designed to explore the transformative potential of artificial intelligence in the realm of assistive technology. Participants will learn about AI-driven tools and techniques that enhance accessibility, independence, and productivity for individuals with disabilities. This hands-on training will provide actionable strategies for integrating AI into daily workflows, empowering both users and professionals to unlock new opportunities. The session will include practical demonstrations, real-world applications, and interactive discussions to ensure attendees leave with a deeper understanding of AI’s role in shaping a more inclusive future

Meet Our Presenter:

Jeff Bishop is a prominent figure in the field of accessibility and assistive technology, dedicated to enhancing digital experiences for individuals with visual impairments. He has amassed over 25 years of experience in software development, product management, and accessibility.

\$50 for ACBN members, \$60 for non-members

Registration by February 28;
Afterward, fees increase by \$10.
